

Expression of Interest - AT Beacon Clinical Coordinator (Nurse)

Are you a Nurse who is looking for an exciting, innovative role in the community. The AT Beacon Project is an innovative, forward-thinking initiative of Ascension Trust, a charitable organisation and we are looking to grow our team of Nurses.

We have an exciting opportunity to join the AT Beacon Project as a Nurse in our community settings under the guidance of our Lead Health Professionals.

You will:

- Lead the work and activities in the AT Beacon Hub as well as some occasional outreaches to faith groups and communities, for example on a Saturday or Sunday.
- Develop and strengthen the AT Beacon Hubs where you will lead in the delivery of holistic health promotion advice including conversations around long term health conditions, dispel myths and provide relevant information.
- Pick up on any health and wellbeing concerns or problems such as a raised blood pressure, feeding this back to the patient and signposting to sources of support such as their own GP and the NHS.

Types of duties include:

- Taking and recording blood pressure, pulse, and weight of clients
- Communication with clients, relatives, and carers
- Promoting positive mental/physical/nutritional health with patients
- Gathering quantitative and qualitative data such as case reports after each Hub/outreach.
- Sourcing necessary supplies and leaflets and these supplies are kept up to date
- Attending staff meeting and any relevant meetings
- Receiving individual supervision from your line manager
- Assisting in the training and support of volunteers

About the Individual:

- A registered nurse
- Able to demonstrate clinical experience in or similar setting

Benefits

- Competitive hourly rate/Salary
- Training and development opportunities

If you would like to apply for this nurse position, please send your CV or call to discuss the role in further detail should you have any questions. Contact d.robinson@ascensiontrust.org.uk
